[equallux.com](http://equallux.com) Solid State Lighting SSL news, information, consulting. eQUAL=LUX is a company based on:

The idea that Solid-State Lighting (SSL) is not only a technology that can far better service mankind and our Earth's environment with a "friendly" solution, and 2) The fact that SSL is not usually..

[mimaki-ls.com](http://mimaki-ls.com) Mimaki Eco Lighting Solutions, LED components and SSL lighting, delivers reliable long lasting solid state Light Emitting Diode components and integrated solutions that will help you transform your business application. Pursuing further contribution to the community, our development group offers complete lighting solutions only after a thorough analysis of customers requirements and the application environment.

[lightsphere.biz](http://lightsphere.biz) Developed Optoelectronic testing laboratory for novel SSL - LED devices and TIR Optics.

Non-imaging optics including annular outward, aka black hole, annular upward, ring optics, and arrays. Technical consulting and marketing for SSL inventor at Lightsphere in Solana Beach CA. Promoted international business relations with Fortune 1000 companies for sales and licensing of novel technologies.

[microlamps.com](http://microlamps.com) Miniature lamp distributor in the Chicago area, developed online sales database and website for 1124 micro-lamps and component LEDs with e-commerce. Microlamps provides high quality, cost-effective lighting solutions for the electronic, aerospace, marine and automotive industries. Turn to us for all your miniature and sub-miniature incandescent, neon, miniature fluorescent, halogen, LED discrete and LED display needs.

[toyoda-gosei at microlamps.com](http://toyoda-gosei.at.microlamps.com) Toyota automotive family company, one of big five makers of LED components, authored TG's first product website in the USA, and developed a national database of sales leads for US sales rep network. TG produces a full line-up of packaged LED devices available in standard formats including a variety of LED plated-through-hole (PTH) technology Lamps and Surface Mount Technology (SMT) devices. These devices are produced with quality silver-plated leadframes, gold-alloy thick and thin film ceramic patterned substrates, and a variety of assembly adhesives, wire-bonding, cup-fill, encapsulation and potting materials and techniques..

[ledreps.com](http://ledreps.com) Ledreps history, Ledreps was a popular site for two years 2000 to 2002. The starting 5mm LED lamp product line of Uniroyal Opto Electronics, Tampa FL, and LED hex products from their subsidiary Norlux, Chicago IL were offered for sale. Popularity of the site grew to 100K hits per month in 6 months as show in the historical graph below. The site featured online viewing of datasheets and sales., e-commerce enabled website.

[intellighting.com](http://intellighting.com) A San Diego based developer of LED lighting for jewelry display cases. Intellighting, Inc. is proud to introduce a new standard of LED Lighting perfection in the challenge to reproduce the incredible qualities of Natural Sunlight. The dramatic dispersion of this pure 5800 deg. Kelvin white light into its constituent colors produces the fire in a diamond by intensifying it with color and brilliance.

[yel-optolight.com](http://yel-optolight.com) Yokohama Electron manufacturer of LED components and devices later, acquired by Mimaki Electronic Components. The new Optoelectronic products available from Yokohama Electron Co., Ltd., are suitable for a wide range of emerging lighting and display applications. With high heat dissipation and high reflective rate, optimal light output of InGaN and AlInGaP LEDs is now a reality with overall cost performance.

[tridonic-atco.com](http://tridonic-atco.com) Clients' European site of SSL products mirrored in the US. TRIDONIC.ATCO, Selected TridonicAtco PDFs are copied or linked & served in the USA for sales activity and optimized download speed. Logo & datasheets are the property of, [www.tridonicatco.com](http://www.tridonicatco.com)
